

# MANSFIELD GOLF CLUB NEWSLETTER

## Members Information Night

With the construction of the new Clubhouse and the change that it has brought to the traditional Club business model the Board through the Marketing Sub Committee commissioned Gravity Design to look at how we could keep our history and roots but at the same time make the Club relative to a new audience. After many meetings, workshops and lively discussions the Board have approved a change to the branding of the Club that meets our needs. The next stage is to present this change to the members which will be done on Monday 15<sup>th</sup> March at 6-00 pm at the Golf Club. Presenters on the night will be General Manager- Greg Nugent who will speak on the need for change and Sarah & Gerard Brennan who will take us through the end result.

## President steps down

It was with deep regret that the Board of Management of Mansfield Golf Club accepted the resignation of President Brad Grant at the most recent Board Meeting. Brad took over the role of President at a very important time in the Clubs history.

Brad came forward when the club needed leadership through what was a turbulent time from an administration point of view but also an exciting time with the new renovations about to start. Brad oversaw the appointment of a new General Manager as well as structural change within the organisation. The Board are forever grateful for the contribution

that Brad has made to the Club and we wish him well in the future. The Board are currently working through a number of strategies to replace Brad.

## Important information regarding cart trailers.

We have had some recent issues regarding trailers in the car park that, as you now take up 2 parking spots. With limited spaces available this causes a great deal of inconvenience to everybody. We ask that members with cart trailers either park their trailers on the western side of Kidston Avenue (opposite the Club entrance) This allows for safe exit and entry to the Club carpark. Alternatively park your car and trailer in the area beside the greenkeepers shed and drive up to the Clubhouse. By adhering to these instructions, you are helping us keep everybody safe.

we can cater  
for all your  
function needs

## Annual Charity Golf Day

Recently the Club played host to the annual charity golf day in conjunction with the Mansfield District Hospital Auxiliary. The day was a great success with 132 players participating and 200 people sitting down to a menu designed by our Head Chef Marcus Van Clute. We were honoured to be a part of this very important fundraising day and to be able to assist the hospital community in raising much needed funds for their operation. Our newly renovated Clubhouse handled the number of people in a COVID safe environment without any hassles and was a great way to trial the new venue. We look forward to working with the organising committee in 2022 to make this day bigger and better.

## Changes in the Pro Shop.

With the imminent departure of our resident Professional Dan Robertson there has been several

changes in the Proshop designed to enhance the service levels to members.

Blair St Anne will take over the day to day management of Golf Operations while David Hurle joins the team as our resident Pro. David will be available to take lessons and has some very forward ideas in this department. Donna stays on as the shop assistant.

The new team look forward to servicing the needs of members and guests.

With the formation of the new team we wish Dan all the best into the future. Dan has been the Head Pro at the Club for a number of years and in that time, he has been professional and diligent in his service to members. Dan is staying in town to pursue other interests and I'm sure we will all see him around the Club on a regular basis.

## COVID Update

As we all know by now things are almost back to normal in relation to COVID operation at the Club. There are still rules to follow and we ask that members and guests follow these rules so that we are able to operate in a COVID safe environment and do not have to endure the financial stress and inconvenience that a lockdown provides.
